Benchmark estimates & pupil targets export

1. Log into FFT Aspire https://fftaspire.org

2. The Export function of Aspire can be accessed by clicking the arrow icon ↓ in the top right hand side of Aspire.

FFT School Dashboards

FFT special reports

Export benchmarks

Export pupil information

Collect my exports
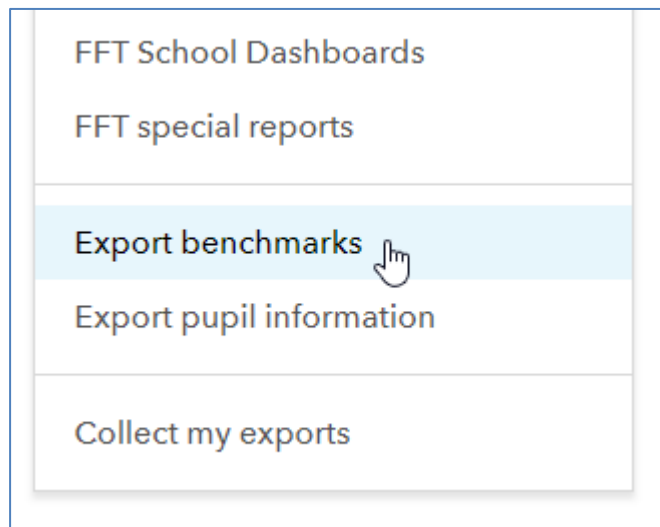

3. This will return a dropdown list of options. Select the **'Export benchmarks'** option from the list.

4. Select the Key Stage and year group for the data you wish to export.

Select from the options to create your TSV-format export

Key Stage KS4 ▾   Year Year 11 ▾

Year 11 (KS4 assessment 2016)
Year 10 (KS4 assessment 2017)
Year 9 (KS4 assessment 2018)
Year 8 (KS4 assessment 2019)
Year 7 (KS4 assessment 2020)

Subjects

☑ Art and Design   ☑ Biology

☑ Business Studies   ☑ Chemistry

☑ Design and Technology   ☑ English Language

☑ English Literature   ☑ French

☑ Geography   ☑ German

☑ History   ☑ ICT

☑ Mathematics   ☑ Music

5. Tick the appropriate subject boxes to select the data for which the export will contain.

6. Choose the rank upon which to base the pupils' FFT benchmarks.

    a. **'Use the FFT Benchmarks set by my administrator for each subject'**

    Pupil benchmark grades will be set at the rank (50, 20 or 5) set by the school's FFT Aspire administrator.

    b. **'Automatically set the FFT Benchmark intelligently for each subject'**

    FFT Aspire will set the pupil benchmark grades at the next highest rank (50, 20 or 5) above the school's rank for each subject.

    c. **'Let me set one FFT Benchmark for all subjects'**

    The slider below the option can be set at a rank (50, 20 or 5) against which the pupil benchmark grades will be set.

7. Check the tick box to '**Include target grades and information**'.

8. Select a grade system: FFT Aspire allows users to generate estimates using the A*-G grading system, which is being retired from 2017 – 2019, to be replaced in phases with the 9-1 grading system.
Please note that the 9-1 grading system only relates to England

Download
includes: KS4, Year 11, 1 subject, FFT50 Benchmark, 9-1 grades, target grades

12. The file will be created as a TSV (Tab Separated Values) file: in order to view the data, it needs to be opened in spreadsheet software e.g. Microsoft Excel.

For an explanation of the TSV data file, please see Annex 1.

8. For an explanation of the TSV data file, please see Annex 1.

Annex 1

TSV stand for "tab-separated values" (as opposed to CSV which is "comma-separated values").

It's a file type which can be accepted by several spreadsheet-based programs, making it accessible to non-Microsoft users. As a specific example, a TSV file can be used to transfer information from a database program such as the browser-based FFT Aspire to a spreadsheet such as Microsoft Excel, Apple Numbers or spreadsheet programs provided by other developers.

1. Download an export from FFT Aspire.

2. Open a spreadsheet program (i.e. Excel).

3. Go to '**File**' > '**Open**' and search for the file. Please note, the file type will default to Excel Files and you will need to change this to '**All Files**' to see the TSV file.
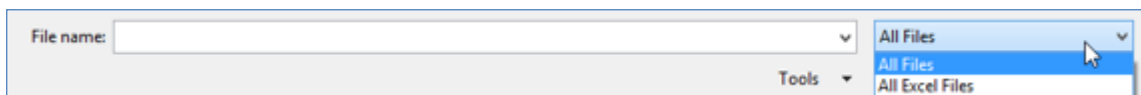

4. Select the TSV file.

5. Click '**Open**'.
